Arts Access For All Coalition

Your voice matters! Help us expand Arts education for all in Massachusetts!

Our students deserve high-quality public Arts Education

The five disciplines of Arts Education (dance, media arts, music, theatre, and visual arts) promote student engagement, belonging, and academic success.

We can expand Arts Education with the Lowell Mason Arts Education Equity Act (H.4279)

The Act guarantees that an **additional 1% of each school district's foundation budget will be added** to its calculated MA state school aid ("Chapter 70") and earmarked solely for Arts Education. This new state aid for Arts Education **supplements** the district's Chapter 70 funds; it does **NOT supplant** it.

The additional Arts funds will NOT increase local property taxes

Funding for the Act will come from the Fair Share Funding, Massachusetts Lottery-Gaming receipts, or Student Opportunity Act Funding.

We need your help getting votes!

Call or email your local legislators to support the Lowell Mason Arts Education Equity Act (Bill H.4297). Use our templates that will help guide your conversations.
